EDUCATION

2004	<p>Ph.D. in Communication Sciences, major in Technologies for Communication, Università della Svizzera Italiana in Lugano, Switzerland. Title of the dissertation: “<i>Using Information Visualisation to Facilitate Instructors in Web-based Distance Education</i>”. Supervisor: Prof. Marco Colombetti. Co-supervisor: Dr. Vania Dimitrova, Leeds University. Final mark: <i>Magna cum laude</i></p> <p>The research proposed the use of Information Visualisation to graphically represent students' tracking data in a Web-based Course Management Systems. A systematic investigation was undertaken to find which visualisation techniques are appropriate to illustrate students tracking data, based on instructors' requirements and evaluation. A tool (CourseVis) was implemented, this tool uses Information Visualization techniques that take student tracking data collected by CMS and generates graphical representations that can be used by instructors to gain an understanding of what is happening in distance learning classes.</p>
1997	<p>Postgraduate specialisation in Information Technology, at CEFRIEL Consortium of Politecnico of Milan. Final mark: 100/100.</p> <ul style="list-style-type: none">• Development of a multimedia database application in Oracle• Attended several courses on programming languages, software engineering, multimedia applications• Working on the field of computer vision and image pattern recognition.
1997	<p>Bachelor and Master Degree in Computer Science, University of Pisa, Italy. Thesis title: “<i>A system for hand gesture recognition</i>”. Final mark: 103/110. The degree-programme included one year entirely dedicated to a research-based final project, spent at the Centro CEFRIEL of Politecnico of Milan.</p> <p>Thesis was about the development of a vision-based hand-gesture recognition system for static hand gesture images based on shapes and orientations of hand which is extracted from input video stream recorded in stable lighting and simple background conditions</p>
1988	<p>High School Diploma, Liceo scientifico “Leonardo” in Giarre (CT), Italy.</p>
